

WONDERFUL MEDICAL DISCOVERY

Remarkable Remedies That Cure All Diseases.

The Famous Doctor Discoverer and Scientist James W. Kidd Now Offers to Every Afflicted Person a Free Treatment.

It has only been a short time since there appeared in the columns of nearly all the prominent newspapers of the world an announcement of the remarkable discoveries made by Dr. James W. Kidd. Physicians, scientists and professional men marveled at the wonderful cures which he performed with ease. Invalids who had suffered for years without hope were it seemed, almost miraculously restored to health. The doctor was besieged by thousands of letters asking for information and assistance, until at last he determined to give his secret to the sick and afflicted of the world. Thousands

and have taken advantage of his liberal offer, and his mail is now flooded with heartfelt gratitude from cured patients.

ALL DISEASES CURED

Every disease to which human flesh is heir is represented in these letters, the so-called incurable diseases being as numerous as the less serious ones. A letter from Cliff Latimer of Loveland, Ohio, gives the details of his miraculous cure of Consumption as follows: "I had Consumption, was examined by four prominent doctors, one of whom a specialist made an examination of the lungs, and pronounced my disease pulmonary consumption, and told me that there was no hope. I weighed 120 pounds. Now I am well and strong. Every trace of the disease has left and I weigh 170 pounds. It has been over a year since I took Dr. Kidd's treatment, so I know the cure is permanent." Abraham Trauger of Lambertville, N. J., was afflicted with locomotor ataxia, a disease pronounced incurable by the medical profession, tells of his cure after years of suffering: "When I commenced treatment with Dr. Kidd for locomotor ataxia I could not walk across the floor. Since finishing treatment I have not lost a day from my work as foreman of the Lambertville Rubber Co." Thomas J. Halferty of Brimfield, Ind. writes as follows: "Dr. Kidd cured my son of a severe case of Bright's disease after he was passing large quantities of blood in the urine." The record of such miraculous cures would fill a book. Sufferers from consumption, Bright's disease, dropsy, paralysis, heart disease, locomotor ataxia and other dangerous diseases have been restored to health. The common chronic diseases, such as rheumatism, kidney trouble, catarrh, female troubles, bronchitis, dyspepsia (fits), chronic coughs, lumbago, bladder troubles, scrofula, impure blood, skin disease, goitre, piles, bowel troubles, general debility, nervousness, lost vitality, contagious blood poison, etc., are cured in so short a time that it seems almost a miracle.

A HOME TREATMENT.

An important feature which recommends this wonderful treatment, rightly called "The Elixir of Life," is the fact that it can be used at home by anyone. The remedies are simple in composition, harmless to the most delicate system, but a secret known to no other living doctor.

Dr. Kidd's Honesty and Reliability. Three National Banks in Fort Wayne vouch for Dr. Kidd's reliability. Ministers, City and County Officials, Professional and Business Men all unite in giving him the heartiest endorsement. Fort Wayne is proud of her distinguished doctor. One and all say that his success is deserved by his ability, his success is deserved by his ability, honesty and industry. For the doctor the good-will of his fellow townsmen and the expression of gratitude from the thousands to whom he has given the blessings of vigorous manhood and womanhood are sufficient to pay for the years spent in patient study and experiment. To make known to every suffering person in the world the fact that there has been discovered a treatment which will positively cure all diseases he has made the following remarkable offer:

A FREE TREATMENT

Dr. Kidd offers to send to every applicant a free treatment. There are no restrictions what ever. No matter what your disease, no matter how long standing, or how many remedies or doctors you have tried, this treatment will cure you and it costs you only a postage stamp to find out for yourself. The doctor's generous nature, his sense of fairness and his faith in his remedies are all clearly shown by his liberal offer. Nothing can possibly remove all doubts as quickly as actual trial. When this is offered absolutely free, every sick person should take advantage of it. You cannot afford to be skeptical when your health is at stake. In applying for a free treatment give the doctor a description of your case or state what disease or diseases you want cured. You will receive the free treatment by return mail, postage paid. To secure personal attention address the doctor's private office as follows: DR. JAMES W. KIDD, 401 Bates Block, Fort Wayne, Ind.

THE PROTEST MEETING.

We Will Remain a Territory Forever Rather Than Accept Joint Statehood.

The mass meeting yesterday in Curry hall was attended by nearly every rancher and business man in the vicinity of Tempe.

Carl Hayden was elected chairman of the meeting and Attorney Woolf secretary. After Mr. Hayden's election he made a few remarks in which he said that it was not the intention of the meeting to tell the people the evil effect that would result from joint statehood for it is known that everyone understands that. Rather the meeting was for the purpose of bringing them together so that the protest that is to be sent to congress could be signed by all.

Following Mr. Hayden Attorney Goodwin made a short speech in which he explained a number of the results that would follow such a union. His reasons were all facts and were presented in a forcible manner. He received loud applause.

Attorney Woolf followed and at the conclusion of his talk at the suggestion of Andrew Nielson the protest was read to the meeting. This protest has been printed before in the Republican, but a few of the main parts of it will bear repetition.

The following reasons are given why such a union would not be desirable and further would be detrimental to both territories.

"That the people of this territory are homogeneous, with similar tastes, ideals and ambitions, and have laid the foundations broad and deep of a truly American commonwealth."

"That to this end the people of the territory have at great expense and sacrifice, established and maintained appropriate public, educational and charitable institutions conformable to those ideals and ambitions."

"That the people of this territory desire the opportunity to develop their own material and intellectual resources and to work out their own destiny in accordance with their own ideals."

"That the people of this territory have no commerce with the people of New Mexico, and no opportunity for exchange of ideas or commodities."

"That the combined area of the two territories is too great for the convenient and economical administration of government."

"That the inhabitants of this territory differ from those of New Mexico in race, governmental ideas, political ambitions and otherwise, to such an extent as to make it impracticable for the people of the two territories to unite in harmonious conduct of a state government."

"That the people of this territory desire the same freedom to develop their own civic and political ideals that we desire for our territory."

"We regard the proposed political union of the two territories as the greatest calamity that could happen to the people of either territory, and

rather than incur the disaster of joint statehood with New Mexico, we prefer that Arizona should remain a territory of the United States indefinitely."

Following the reading of the protest Andrew Nielson took charge and every one at the meeting signed.

Rev. Chapin, pastor of the Baptist church, recently from New Mexico, made a few remarks and said that after his experience in New Mexico he was satisfied that such a bill never will pass the congress. He says that many of the people in New Mexico do not want statehood at all and certainly not with Arizona. After all had signed the protest the meeting closed.

IT WAS THE STOLEN PONY.

Raymond Still is Happy Over the Return of His Pony.

As was mentioned in these columns a day or two ago Mr. Still had gone to Hot Springs to recover the property. He found it all there and it proved to be what his son had lost. The appearance of the mare had been changed to some extent by having the mane and tail trimmed. The brand, too, had been altered some. But aside from this and hard usage the outfit was none the worse for the experience.

It was learned at the Springs that the man had given his name as Black, but aside from this no trace of the culprit could be found.

A SPREAD.

Miss Mary Boyle leaves this evening for her home in Blaine and no doubt her last evening at the Girls' hall will be one that she will remember.

The girls at the North end of Marcia's hall gave an elaborate spread in her honor. The feast took place after study hours and no one knows when it ended. As is usual at such events the score cards, being hand painted, made handsome souvenirs of the occasion.

Those present were Misses Fannie and Florence Armitage, Winnie Allison, Maud Collins, Addie Kindred, Mabel Goldsworthy, Lucy Kenney, Ethel Jones, Vera Wright, Mary Boyle, Clara Clifford, La Verna Loring, Alice Grier, Sadie and Lemmie Stauffer.

THE EXCHANGE DID WELL.

The ladies of the Congregational church feel well pleased over the success of their exchange yesterday. It was held at the Teeter Bros' market and a short time after noon everything had been disposed of at a good profit. In all they cleared something near \$16.

It is not known when the next exchange will be held but the churches seem to be taking turn about in holding them it is altogether probable that one will be held again next Saturday.

BELL ARRIVES.

The new bell for St. Mary's church has arrived and with a fitting ceremony will be placed in position two weeks from today. The bell itself is one of the largest in the territory and will be a credit to the church.

HERE AND THERE.

A. W. Cosner and Prof. Cullon spent yesterday at Telegraph Pass, several miles west of town, examining mining claims that Mr. Cosner has there.

Mrs. Mullen, Mrs. Van Wright and Miss Holmes, of Mesa, were visitors at this place yesterday.

Mr. and Mrs. Harry Thompson have moved into the Robinson house just north of the normal.

Domolus Whites will leave today for Prescott where he will remain permanently.

I. O. G. T. OFFICERS.

The quarterly election of officers of Good Templars took place Friday evening. The following were elected: Chief Templar, Karl Leebrecht; Vice Templar, Tina Lohman; P. C. T. Earl Conroy; Secretary, Hazel Hendrix; Financial Secretary, Bert Dickinson; Treasurer, Olive Conroy; Marshall, Charlton Stanford. After the election a new member was initiated.

PUBLIC SCHOOL PICNIC.

The pupils of the public school enjoyed themselves to the fullest capacity yesterday. A big hay rack full of them, accompanied by their teacher, Miss Hauol, drove to the springs south of Tempe.

A SHAKESPEARIAN RECITAL.

Plans are being perfected to have a Shakespearean recital at the Normal in the near future. The date has not been definitely decided upon, but it is likely that it will take place next Friday evening. It will be given by Miss Kunkle, of Phoenix. She is highly recommended as an elocutionist and reader and do doubt the event will be well worth attending. Fuller particulars of the event will be given the first of the week.

Dr. McLaughlin's New Belt

With Free Suspensory

For Weak Men

Men, Regain the Vigor of Youth!

Here is the cure for men who have begun to grow old; who have lost the vigor, the courage, the ambition and strength of early days. It is the latest improvement upon the electric body appliance which has always stood at the head of the quest. The best and cheapest cure on earth for broken-down men. Just think! There are 50,000 men who proclaim that Dr. McLaughlin's Electric Belt cured their weakness after drugs and other remedies had failed! Why do you drug your system when you know it never cures; when you know this grand belt will cure you as it has cured thousands like you?

EASY TO WEAR!

Cures Nervous and Vital Weakness, Enlarged and Inflamed Prostate Gland, Lost Memory, Wasting of Strength, Weak Back and Kidney Trouble, Rheumatic Pains in the Back, Hips, Shoulders and Chest, Lumbago, Torpid Liver, Indigestion and Dyspepsia.

CURES WHILE YOU SLEEP!

NEVER FAILS!

MADE A NEW MAN OF HIM.

Dr. McLaughlin—Dear Sir: The Belt I purchased from you has made a new man of me. Before I got it I had rheumatic pains all over me, and every muscle in my body was stiff and sore, while I was so nervous I could not sleep more than three or four hours at a time. Now I am as supple as a man of thirty (I am fifty) and cannot get time to sleep enough. I can never repay the debt of gratitude. Yours very truly,

G. J. SMITH,
Phoenix, Ariz.

VARICOCELE CURED.

Dr. McLaughlin—Dear Sir: I have worn your high-grade Belt a little over a month and am feeling very much better. I sleep well, have a good appetite and have gained four pounds in weight. The varicocele is disappearing and there is very little evidence of any inflammation of the prostate gland. Taking my remarkable improvement into consideration, I must say that I am very well pleased with the Belt. Yours truly,

C. E. JOHNSON,
Kingman, Ariz.

LUMBAGO, RHEUMATISM AND INDIGESTION.

Dr. M. A. McLaughlin.
Dear Sir:—Nearly a month has elapsed since I began the use of your high grade Belt, and I will therefore comply with your request for a report every thirty days. As to my condition, I am pleased to say that great improvement has taken place. The pain in my back has about disappeared, the rheumatism is much better, appetite and digestion greatly improved, and my sleep is more refreshing. This I may lay to your Belt, as I have taken no medicine. I shall continue the treatment faithfully, for I know I will receive permanent and complete relief.

Yours very truly,
ALBERT BEVEN,
Jerome, A. T.

VARICOCELE, STOMACH AND HEART TROUBLE.

Dr. M. A. McLaughlin.
Dear Sir:—I have worn the electric Belt three months, and the good it has done me has been continuous. My stomach is in good order, the heart action all right, my varicocele is rapidly disappearing and every complaint gradually yielding. My condition was very serious when I commenced your treatment—and it does not seem possible that in so short a time so great an improvement could be brought about. I have spoken to several men about the Belt and they are surprised to know the great range of troubles this form of treatment reaches, but what it has done in my case is sufficient to prove to them its efficacy, so I have no doubt but that you will hear from some of them. Your very truly,

M. O. ROLLINS,
Bisbee, Ariz.

DR. McLAUGHLIN'S BELT IS AS GOOD FOR WOMEN AS FOR MEN. I HAVE A BOOK ESPECIALLY FOR WOMEN FREE ON APPLICATION.

I know that no man remains a weakling because he wants to; I am sure that you want to overcome every indication of early decay that has shown itself on you. I don't think the man lives who would not like to feel as big and strong as a Sandow, and I know that if you have a reasonable foundation to build upon I can make you a bigger man than you ever hoped to be. I want you to know that you who cannot believe it, and I want to tell you the names of some men who will tell you that when they came to me they were physical wrecks and are now among the finest specimens of physical manhood.

I want you to read this book and learn the truth about my arguments. If you are not as vigorous as you would like to be, if you have rheumatic pains, weak kidneys, loss of vitality, prostate troubles, nervous spells, varicocele or any ailment of that kind that unmans you, it would assure your future happiness if you would look into this method of mine. Don't delay it; your best days are slipping by. If you want this book I send it closely sealed free if you send this ad. Call for free consultation.

MESA VISITS MESA.

G. J. Black and J. V. Elmore, general hustlers for the M. & P. railroad, spent a few hours in Mesa yesterday, looking after the shipping interests of their road.

Postmaster W. M. Newell and A. C. McQueen were business visitors to Phoenix yesterday.

EXCURSION TO FLORENCE.

A large crowd of Mesa people will take advantage of the P. & E. excursion to Florence Sunday to renew old acquaintances and to extend greeting to our sister town across the desert. It will be a novelty for a good many who have crossed the desert so many times in years past with freight wagons, the journey required from two to three days, to cross the same dry strip in a couple of hours. Postmaster W. M. Newell and family of Mesa will accompany the party. He will swap stories with the present Postmaster Neighrime of Florence. The two were partners over twenty years ago.

The Free Press of Mesa is getting out a Sunday special excursion paper—the first Sunday paper of its existence—and Mr. Irwin, the editor, and E. W. L. Pomeroy, of the firm of Pomeroy Bros. Co., will accompany the party and extend congratulations to Mesa.

HOME DRAMATIC COMPANY.

The Home Dramatic Co. of Mesa, scored another success Friday night in the presentation of "Little Ferret" or "The Lightning Rod Agent." The play is a very interesting melo-comedy-drama, filled with tragic incidents, and side-splitting comedy that delights the audience from start to finish. Ferritt was at his best and was heartily applauded.

Mrs. Vera Burton Vance, as Florence Temple, represented the young

helpless beautifully in her checkered career, Miss Zina Stewart "made no mistake" in her work and the rat scene was with P. H. Hopper very realistic. Many of the young ladies in the audience involuntarily scanned the floor fearing the rat might come their way.

Jas. Miller, as P. K. Hopper was at his best, in fact, his work was far superior to any previous effort and, won merited applause.

Leslie Johnson, as the villain, Orson Phelps, as Moody, his accomplice, Frank and Mont Vance in their character work, all rendered their parts with credit. The next play announced by the manager Jas. Miller, was "Way Down East."

Mrs. H. L. Peterson was a business visitor to Phoenix yesterday.

AGAINST JOINT STATEHOOD.

There was a large attendance at the mass meeting held at the opera house this afternoon, to protest against joint statehood for Arizona and New Mexico. Speeches were made by President C. R. Hakes and others. The sentiment was unanimous that the people of this section prefer to live in a territory for all time rather than be joined to New Mexico as proposed by congress.

Petitions were circulated and signed by all, voicing the feeling on the matter.

THE CATTLE DEALER.

The leading cattle dealer of this country lives in Mesa, and his first name is Joe S. Peterson. He is known from Ash Fork to the Gulf of Mexico and buys and sells more cattle than any other man between the two points. Mr. Peterson is always ready to do business wherever a bunch of fat steers is concerned, and is a fair dealing and square in all his transactions. He is much pleased with the completion of the Santa Fe to Florence, as some of his best buys have been in Pinal county.

This week Joe switched to sheep, sending a car of muttons to Benson and will send out another car load Monday.

Mrs. Brady Zina Stewart.

There was a good attendance at the opera house last night to witness the performance of "Little Ferret," by the Home Dramatic company, and the audience was given a real treat in the way of good acting and an entertaining play.

Mr. Miller sustained the comedy part of K. G. Hopper "with a business hop," to the satisfaction of everybody. In this character he was at his best; in nothing attempted before has he scored so decided a hit.

Monte and Frank Vance, Leslie Johnson and O. A. Phelps also won laurels for good work.

The three ladies—Winnie Richards, Vera Burton and Zina Stewart, in their delineations of their difficult roles received hearty plaudits from the audience. Miss Winnie as the "Little Ferret," was chic, winsome and full of life; Miss Vera as leading lady was dignified, earnest and clever and Miss Zina as the widow won the hearts of everyone. It was the first time Miss Stewart had taken part with the Home Dramatic company, and she demonstrated that she possessed histrionic ability of no mean order.

The company in its entirety is entitled to much credit for the excellence of its entertainments.

Probably one of the largest deals in horseless stage routes was consummated when the Collins stage line was transferred to the syndicate of Murray and Charles Currow formerly of Mesa, now living in Tempe. Those living between Phoenix and Mesa for many years have been acquainted with Lou Collins, the owner of the Overland

stage line and Lou's pleasant ways and stories are fresh in the people's minds that come in contact with him. But Lou is about to take up another line of his life, and he is well adapted to that of life insurance. His friends all wish him success. The Currow boys are well acquainted with the business, having often taken Mr. Collins' place during his absence. The boys are worthy of the patronage of the public and will make the trip as in the past.

Ed Pomeroy and Roy Irwin of the Free Press drove to Tempe this afternoon. There was an extra rush of business for the Free Press and the office was compelled to get assistance from the printers of Tempe.

Work on the cement mill walls and foundation is progressing. The road work to Fish Creek is moving right along. Will have electric lights by the middle of next week. Roosevelt is the coming summer resort of Arizona.

PERSONALS.
John Pearce and Mr. Thomas returned to their sheep camp yesterday after spending a few days in Mesa.

A. C. McQueen came in over the P. & E. this morning.
Frank Pomeroy is a business visitor in Phoenix again today.
George Scott and Mr. Delbridge started for their sheep camp today with a load of supplies.

Mrs. G. A. Dobson is on the sick list.
J. W. Allen, who has been with the Palace barber shop for the past month, will leave tomorrow for the coast.

HAIR ROPES IN "JAP" TEMPLES.
In some Japanese temples may be seen great coils of rope woven from human hair. Such ropes, made of hair sacrificed by thousands of women and girls, were used to hold stone and timber for the temple and are preserved as relics.
